KEK RUN

GROUP REGISTRATION

It is possible to submit group registrations for the race. This option has been created especially for schools—both primary and secondary—as well as universities, but it is also available for companies or workplaces to register together.

HOW IT WORKS:

1. Please contact us at kek@beac.elte.hu.
2. We will send you a Google Form that must be completed for each participant.
3. Based on the submitted information, we will issue the invoice.
4. Once the invoice is settled, all that's left is to show up at the race and complete your chosen distance.

Based on the submitted information, we will register the runners in our system, so they will also be able to access their own profiles on our website.
