The timing chip is attached to your race bib. Please do not remove it! No deposit is required, and the chip does not need to be returned after the race.
Each member of a relay team will receive one race bib equipped with a timing chip, which must be passed between team members. We recommend wearing the bib using an elastic race number belt.
The team member completing the final leg should proceed to the finish area and will receive the finisher's medal in exchange for the race bib they are wearing.

Wearing Your Race Bib

The race bib must not be covered. Please avoid folding or creasing the bib, as this may damage the timing chip.
